

Natural Building Workshop Series

Epworth Camp and Retreat Center and Green Phoenix Permaculture

are pleased to present a series of Natural Building Workshops
as we construct a timber frame, straw bale farm house.

STONE FOUNDATION WORKSHOP

~ Coming in Autumn, 2007 ~

Teachers Ethan Zickler and Jim Luckner will conduct both lecture and hands on instruction. Learn how to lay stone to form a beautiful foundation wall with local stone.

Other topics include:

- how particular materials and structures were selected for this house and why
- consideration of climate, frost levels, foundation depth and insulation
- structural considerations and possibilities
- choice and placement of footings and piers to hold timber frame
- straw bales, a green house, and porch.

COST: sliding scale, between **\$50-200 for the weekend or \$25-100 per day** to help us cover expenses. **Lunch is included** on both days. Breakfasts and dinners are **potluck**. Overnight bunk space in Manor House Lodge is available for **\$30 for the first night, \$20 the second**. Camping is **\$10 a night**, with use of bathrooms and showers. **Work trade** is also available.

FUTURE WORKSHOPS INCLUDE: Sustainable Logging and Horse Logging, Timber Frame Workshop and House Raising, Strawbale, Cob and Plasters, Natural Roof, Slaked Lime, Masonry Stove, Adobe Floor and Greenhouse Construction. Ben Simpson will be teaching the strawbale workshop and other teachers will be announced.

INFORMATION AND REGISTRATION: Please contact Wilton and Joan **by phone at 845-687-7646** or **by email at mamajoane@yahoo.com**. To register for courses, please **mail checks** to: **Green Phoenix Permaculture, 8 Epworth Lane, High Fall, N.Y. 12440**, with a note saying the name of the workshop, your contact information, housing you are requesting and any questions you may have. We look forward to seeing you!
